

**Model CLC, State Federation Resolution  
Urging Support for Bernie 2016**

On <date>, the Hampshire-Franklin Central Labor Council <for example only>, met and voted to adopt the following resolution:

*Whereas:* The voting delegates of the Hampshire-Franklin CLC are committed to building a broad, effective movement for democratic change, and

*Whereas:* Our goal is a government that carries out the will of the people, not prop up the profits of the 1% at the expense of the rest of us, and

*Whereas:* We firmly believe that Senator Bernie Sanders is the strongest candidate articulating our issues. His commitment to union principles and labor's values is longstanding and heartfelt, and

*Whereas:* As a truly progressive candidate for the Democratic Party nomination, Bernie has the chance to inspire millions of Americans with policy proposals that put the interests of the labor movement, front and center. His campaign will draw attention to what unions and collective bargaining have accomplished for workers and energize our movement, and

*Whereas:* Labor must step up to fundamentally change the direction of American politics, by refocusing on the issues of our time: growing inequality and pervasive racism, the power of concentrated wealth and its corruption of our democracy, an escalating pension and retirement security crisis, runaway military spending and a militarized foreign policy, Medicare for All, and the need for new, bold solutions to our shared problems.

*Therefore be it resolved that:*

We call on the AFL-CIO, labor leaders, union members and working people everywhere to unite behind Bernie Sanders and elect the President America's workers desperately need, and

*Be it further resolved that:*

The Hampshire-Franklin CLC <for example only>, strongly urges the AFL-CIO, <or **national union as the case may be**> to support Bernie Sanders 2016 and his campaign to become the nominee of the Democratic Party for president.

*Adopted <date> and respectfully submitted for consideration to the AFL-CIO Executive Council.*

cc: All members of the AFL-CIO Executive Council
